Dear Stacy,

Thank you for your dedication and passion in serving the veterans of western Washington and I support your efforts toward promoting the health and wellness of those who have served.

It is a priority of mine to promote the wellness of veterans and their families and I have worked hard to connect veterans with services in their community to help them heal, both physically and mentally, from their combat experiences. However, it is not just veterans who have needs but also their families, something you understand and are actively working to promote through the Sanctuary.

It is clear through your work developing the Sanctuary that you understand the needs of veterans and their families. The Sanctuary will provide a haven for veterans and their families as they work toward healing from the traumatic effects of their service. Hopefully, your vision and determination will spur others to join in support of our military families

I look forward to hearing about the construction of the Sanctuary. Thank you for your personal sacrifices and effort on behalf of our veterans.

Sincerely,

A handwritten signature in cursive script that reads "D. Reichert".

David G. Reichert
